Dear Harry,

During 2004, Cargo Force International advertised in WA Business News with a 5cm x 7 column advert every 4 weeks, over an 8 month period.

When asking customers of how they learnt of Cargo Force, the only adverts they remembered were those that we ran in WA Business News.

I am pleased with the response and attention the advertisements have created and the new freight forwarding business we have gained.

Cargo Force wishes you and all the team at WA Business News ongoing success 2005.

Yours sincerely,
